FEDERAL SUGAR
PROBE GOES ONAlleged Relations Between
Gunnison and Utah-Idaho
Agents Brought Out

SALT LAKE, April 14.—Alleged relations between the Gunnison Valley Sugar company and agents of the Utah-Idaho Sugar company was a part of the testimony yesterday in both sessions in the hearing before the federal trade commission on the complaint charging illegal restraint of interstate commerce against the Utah-Idaho Sugar company, the Amalgamated Sugar company, Ernest R. Woolley, A. P. Cooper and E. F. Cullen.

Four farmers from the Sevier county district near Gunnison and backers of the Gunnison Valley company were called to the witness stand. John Stewart of Venice, N. S. Hamilton of Axtell, Elmer Eastman of Vermilion and Joseph Peterson of Fredmond were the farmers who testified.

Mr. Stewart related alleged conversations with Eric ("Sugar Beet") Hansen, field man for the Utah-Idaho Sugar company, in which Hansen is alleged to have deprecated the ability of the Gunnison plant to make sugar and the ability of the company to pay for beets. Mr. Hansen gave evidence along the same lines concerning efforts of the field men of the Utah-Idaho company to have him grow, so the older concern, alleging the inability of the new company to deal as well with the farmers, and casting aspersions on the capabilities of the new plant.

Max Daniels, Salt Lake business man who was formerly a director and manager of the Gunnison factory, told of the experience he encountered while selling stock in the company. He testified that Richfield banking interests had "knocked" the new enterprise and had advised investors if they wanted to buy stock to buy it in the Utah-Idaho. Mr. Daniels also told of similar instances reported to him by salesmen.

Mr. Daniels stated that when the company was being organized they employed expert sugar men to go over the factory and ascertain its condition. Fred Hinze, Mr. Daniels testified, was the sugar factory expert so employed.

In cross-examination of Mr. Daniels, Judge D. N. Straup, counsel for the Utah-Idaho company, asked the witness if Mr. Hinze had ever constructed a successful factory. Mr. Daniels stated that he did not know Mr. Hinze's complete history.

It was said during the hearing yesterday that Mr. Hinze is now at Piler, Idaho, engaged in promoting a new company.

SUPREME COURT RULES
IN FAVOR OF WOMEN

SALT LAKE, April 14.—Miss Edna Cowan won a verdict in the supreme court yesterday in the sum of \$1,000 against the Salt Lake & Utah railroad as a result of an accident at Salem some years ago. The court reversed a judgment in favor of the driver of the car in which Miss Cowan was traveling, although it found the railroad company of operating a train at an excessive speed in the center of the town at a place where there was no warning signal. Another passenger, Miss Montagu, has won a verdict in her favor against the company in the matter of the same accident.

Justice Frick upholds the Minnesota rule which makes the passenger responsible only for his own personal safety, and leaves it to a jury to decide whether, under the circumstances, he was justifiably trusting his safety to the care of a driver.

LITTLE BENNY'S
Note Book

By LEE PAPE

Last night I was reading a book called Fearless Flinders, the Fighting Scout, all about a boy that took a cold bath every morning and thwart it was grate even in winter, and I sed to pop. Pop, wat would you think if I took a cold bath all out of the cold spicker every morning.

I'd think I was seeing things and the world was coming to an end and it was time to call in the polece, sed pop.

Meaning he didnt think I ever would, and I sed Well I bleeve I will, pop, the boy in this book did.

Good for him and I hope he enjoys the book, sed pop.

Do you think it would be a good thing for me, pop? I sed.

It will be the best thing that ever happened to you, it will keep you strong and make you stronger, Ill call you a little erlier in the morning and have the wattr all reddy in the tub for you, we'll start tomorrow, sed pop.

Tomorrow! I sed, and pop sed, wen were you thinking of starting—in 2 or 3 years or so?

No sir, I sed. Wich I wasent, not thinking of eny speshtl time, and this morning pop called me about a half hour too erly, saying, Shook a leg, now the wattr is in the tub, dont let it get warm. And I wen! down in the bath room and looked at it, and it looked cold as anything, and I stuck one toe in, and it felt cold as everything, me thinking, Heck, G. holey Moses.

And I started to go back upstairs to bed agen, pop saying, Hay there, have you had that cold bath all reddy? and me saying, No sir, I think it will be hehtier to start in summer.

Wich maybe it will.

OUTSIDE ELECTRICAL
WORKERS WANT RAISE

SALT LAKE, April 14.—Demands by outside electrical workers for an increase to \$7 a day wage, will be one of the features of the meeting of local No. 37, at the Labor temple in Salt Lake tomorrow night.

"This is not exhorbitant," said Ben Aldrich, business agent of the union yesterday, "when you take into consideration the amount of danger involved in the work. The buildings trades are out for \$9 a day and the inside electrical workers receive \$9 a day recently. Why should not the outside workers get \$7 a day?" The work is hazardous, their insurance rates recognize this plainly. Portland and two of the electrical companies in California give them \$5 a day, while Detroit and several Montana points pay \$7 a day.

Begin To Purify Your Winter-Blood

Grandmother's Old-Fashioned Sulphur and Molasses Did It.

But Not So Well As This Sulphur Tablet—Sugar Coated.

Through the winter the blood accumulates poisons because you do not perspire enough, because you do not live in the open air, and because you eat more meat, mush and other rich foods. Every spring we feel sluggish, constipated, liver and kidney ills beset us, colds and chronic coughs, pimples, boils and carbuncles, all evidence of impure, thick, sluggish blood.

Sulphur Tablets (not sulphur tablets) are composed of extracts of roots and herbs, combined with sulphur and cream of tartar—and no better physic, blood-tonic and blood cleanser has ever been developed. Every spring thousands who already know their value take them to purify the system of Winter Poisons. Now is the time to begin, so you won't be attacked by serious ailments when Spring and Summer come. Sold by all druggists 60c per sealed tube with full directions.—Advertisement.
